

Valeo Recognized as Top Employer 2019 in North America

Troy, Mich., February 13, 2019 – Valeo, a leading automotive technology company that enables autonomous driving, electrification, and digital mobility, has been recognized by the Top Employers Institute as a Top Employer 2019 for its excellent workplace environment. Valeo received the coveted certification for the second time in a row as a top employer of choice in North America. Organizations certified as Top Employers dedicate themselves to providing outstanding working conditions for employees through leading-edge, ‘people-first’ Human Resources (HR) practices.

As an independent HR certification company, the Top Employers Institute assesses participants through their global HR Best Practices Survey. The survey encompasses more than 100 questions reflecting 600 working condition practices across vital HR areas, including On-boarding, Learning & Development, Career & Succession Management, and others.

“The Top Employer certification is an outstanding recognition for Valeo as an employee-centric organization in North America,” said Kevin Burke, Human Resources Director, Valeo North America. “We strive to continuously optimize our unique working environment focused on employee development and empowerment. Valeo’s high performance teams drive our technology leadership, customer satisfaction, and overall success.”

Founded nearly 100 years ago, Valeo is a technology company at the heart of the three automotive revolutions: autonomous driving, electrification, and digital mobility. Valeo designs and manufactures high-tech systems that shape the future of the automotive industry. One in three cars worldwide is equipped with a Valeo electric system. In addition, Valeo provides the widest range of sensors on the market with more than one billion sensors sold to-date and has demonstrated numerous industry-first innovations, including extended [autonomous driving](#) in Paris, across Europe, and the United States.

Valeo employs 115,000 people in 33 countries worldwide and operates 184 plants, 20 research centers, 35 development centers, and 15 distribution platforms. In 2017, Valeo provided employment to more than 16,000 team members in North America and continues to offer new, rewarding career opportunities in the region.
